Test 1 Stats

MATH 105–01; Spring 2017

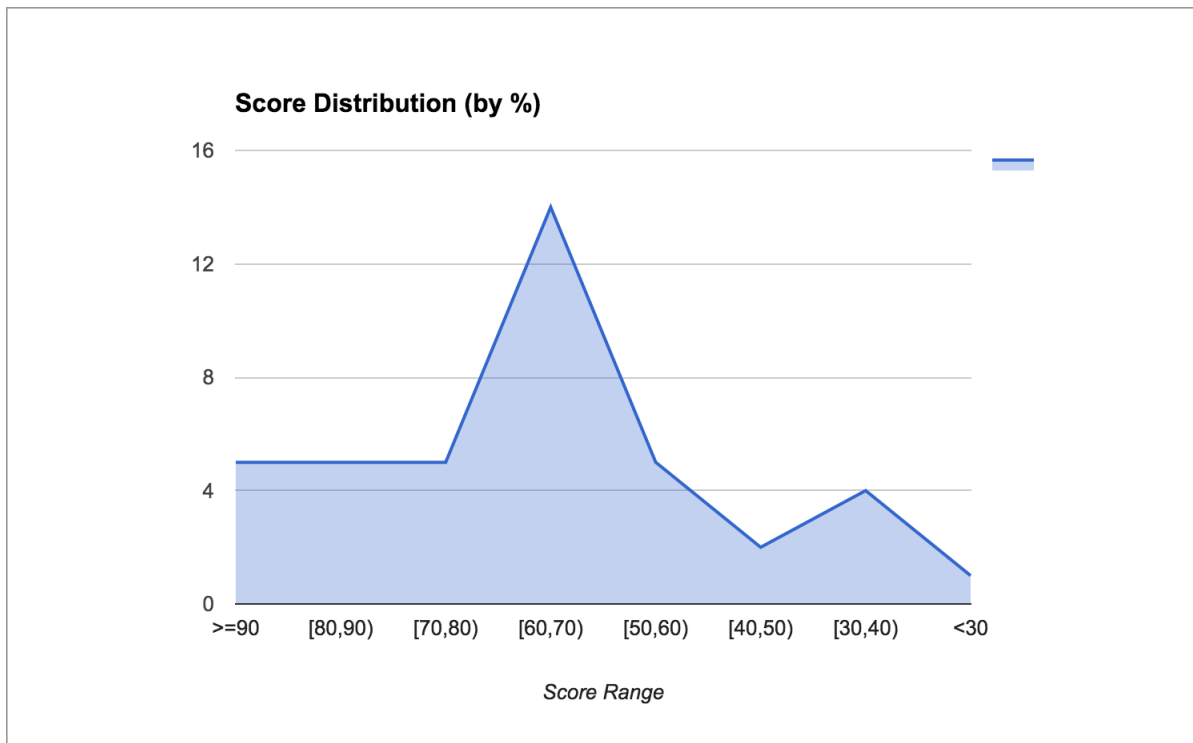

Below is the data for the second test. The data is expressed in percentages (not in point values). Our section has 41 students.

Mean (%)	67
Median (%):	66
σ (%)	18

Although this course is a raw percentage course (no grade adjustments until the end), an approximate 'grade breakdown' is given below (in percentages) that reflects your performance on this test with respect to your peers:

A: ≥ 85 B: [73,85) C: [57,73) D: [45,57) F: <45.

The following chart gives the breakdown of scores:

Top Scores:

- Jill Szrigcnnnanno
- Meg Trotsa
- SpencerBen ThomEthier
- Grrrrr Felder
